I. MESSAGE FROM THE DIRECTOR GENERAL

Dear and Reverend Fathers, Rev. Deacons and Brothers,

Christmas of 2020 will be a very particular Christmas because of the pandemic. Amidst all this suffering, the birth of Jesus brings this wounded humanity a message of hope. The joy of the presence of Jesus, in the midst of his people and of human history, fills our hearts and inspires us to share this joy with those both near and far. As missionaries Christmas is an opportunity for us to rediscover the beauty of our mission – mission *Ad Gentes* of *Missio Dei*. It is true and a fact that we prepare ourselves through prayer, fasting and merciful acts. But as missionaries what is Christmas or the birth of the Lord for us? In this pandemic situation, where our lives have been overturned, this season gives us a beautiful lesson, in fact, the lesson that often we forget – the lesson of **DIALOGUE**. Christmas teaches us that dialogue is the basis of mission, the basis of salvation. Christmas is dialogue between: 1) God, the Father and the Son, 2) God, the Father and the mankind 3) Son and the mankind.

The birth of the son of God is the result of dialogue. “..in these last days he has spoken to us by a Son, whom he appointed heir of all things, through whom he also created the worlds.” (Heb. 1:2). The God of Israel was a Lord of dialogue. He spoke to them through prophets, kings; judges etc. dialogue refers not only to words spoken, but even actions exhibited. It includes the miracles, the wonders expressed in the Holy Scripture and even the curses or worst things that take place.

The birth of the Son of God is a dialogue - an exchange of feelings of God, the Father for the salvation of mankind. Son through his life in the world, had dialogue with the people taking them to salvation. His words and actions were dialogue- a salvific dialogue. This Christmas too calls each one of us missionaries to be part of this salvific dialogue. Through priesthood we have become the part and parcel of His dialogue. Now it is our duty to continue this dialogue.

As a priest, each one should feel that he is called to a dialogue: a)

With God, b) With neighbors, c) With himself and d) With nature. Our lives become fruitful and truthful only when these four areas of dialogue – words and actions – are fully filled in a true manner.

a. Our dialogue with God takes place mainly through our celebration of the Holy Qurbana, canonical prayers and other pious activities. Peacefulness of mind, tranquility and serenity are received through this dialogue. The Holy Spirit starts working in us (Neh 9:20). This dialogue also helps us to place the prayers of the people in front of the Lord. It also helps in bringing the pain of the people, their happiness etc to the lord. Having a dialogue of a mediator (2 Kings 19:14).

b. The dialogue with neighbors refers not only our words spoken, but our action and even our presence. The presence of Jesus gave happiness to the shepherds, the wise men and so on. Today as missionaries we take this dialogue through the very call of being missionary. Our apostolate taken up, our presence, our gaze (Job 40:11b), our smile, our words all speak to people. A fruitful dialogue helps us to be like Jesus. “...God anointed Jesus of Nazareth with the Holy Spirit and with power; how **he went about doing good** and healing all who were oppressed by the devil, for God was with him.” (Acts 10:38). Our dialogue refers also our openness – our openness to our superiors, our fellow missionaries, our flock entrusted. Only an open person will be able to accept the responsibilities handed over for a fruitful mission. Our priestly *koinonia* is a dialogue of friendship. Our openness also enables us to accept our superiors, respect them. It is an open dialogue. As members in the Church, we are to have dialogue with our superiors (Rom 13). A healthy dialogue develops the mission, the priestly *koinonia* and in turn, the Church. On the other hand, unhealthy dialogue – character assassination, jealousy, disobedience, pride, defaming others – hinders the beauty of the Church and it questions even our very existence of “being at service” of the Lord (Zech 8:16-17).

c. There should be a dialogue with oneself. Dialogue with oneself means to be ready to accept oneself. (Acts 6:15). As me NO ONE can be there in this world. It is the plan of God.

He created me unique – my physique, my abilities, my way of doing things etc are unique. No one can replicate and replace me. This thought would enhance us with the sense of being a ‘child of God’, ‘Priest of the Lord at service’. Frustration towards the ministry or responsibilities, disobedience etc often pops up from this “unaware” fact of not accepting oneself. Here comes the greatest danger of ‘comparing’. I compare myself, my responsibility, my ministry, with others which in turn gives me satisfaction or dissatisfaction, unhappiness, tension etc. hence as missionaries of Christ we should be able to have a fruitful dialogue with oneself – knowing oneself with all its positive and negative attitudes. It is in this context we should read the sixth chapter of *Fratelli Tutti* entitled “*DIALOGUE AND FRIENDSHIP IN SOCIETY*”. Pope says “*Approaching, speaking, listening, looking at, coming to know and understand one another, and to find common ground: all these things are summed up in the one word “dialogue”. If we want to encounter and help one another, we have to dialogue.*” (FT 198). Even Jesus had this dialogue. Look in Gethsemane “**not my will** but yours be done” (Lk 22:42)

d. The last kind of dialogue that we should have is the dialogue with the nature. This pandemic has proved this to us. Many of us have returned to the ‘smell of the soil’ – feeling the earth. Though ‘*Laudato Si*’ brought in the importance of nature in our lives, this pandemic situation practically proved this to us. We are not masters but ‘keepers.’

Thus when seen from this point of view, these four types of dialogue seen in Jesus resulted in **LIFE GIVING**. Hence this Christmas should help us to ponder on the question: does my mission and ministry prove to be a **LIFE GIVING** one or **LIFE TAKING** one? Let us trust in the providence of the lord.

With the Apostolic Letter “*Patris Corde*” (With a Father’s Heart), Pope Francis recalls the 150th anniversary of the declaration of Saint Joseph as Patron of the Universal Church. To mark the occasion, the Holy Father has proclaimed a “Year of Saint Joseph” from 8 December 2020, to 8 December 2021.

The Pope says: “God always finds a way to save us, provided we show the same creative courage as the carpenter of Nazareth, who was able to turn a problem into a possibility by trusting always in divine providence.” Again: “Joseph found happiness not in mere self-sacrifice but in self-gift. In him, we never see frustration but only trust. His patient silence was the prelude to concrete expressions of trust. Our world today needs fathers. It has no use for tyrants who would domineer others as a means of compensating for their own needs. It rejects those who confuse authority with authoritarianism, service with servility, discussion with oppression, charity with a welfare mentality, power with destruction. Every true vocation is born of the gift of oneself, which is the fruit of mature sacrifice. The priesthood and consecrated life likewise require this kind of maturity. Whatever our vocation, whether to marriage, celibacy or virginity, our gift of self will not come to fulfilment if it stops at sacrifice; were that the case, instead of becoming a sign of the beauty and joy of love, the gift of self would risk being an expression of unhappiness, sadness and frustration” (Apostolic Letter - *Patris Corde* 5&7).

Hence dear fellow missionaries, let this season of Christmas be a season of dialogue – a dialogue that helps in growth and development of our mission, ministry, superiors, and our flock. May the Baby Jesus the **PERFECT DIALOGUE** of the Father, bless each one of us through the intercession of our Bl. Mother, St Joseph and St Thomas, our patron. It was a blessing for me to visit our fathers and missionary collaborators of our three mission regions in this pandemic period. Let me make use of this opportunity to appreciate all of you for your enthusiasm to share the message of hope and joy to the people in this pandemic period. Wishes of the birth of **PERFECT DIALOGUE**.

Happy Christmas and Happy New Year!

Fr Antony Perumanoor
Director General, MST

To mark the occasion the

(Reported by Rev. Fr George Kuppayil, Rector, Deepti College)

B. Santhome Minor Seminary, Thamarassery

By the grace of God the Santhome Community is keeping fine and all its members are doing well with the protecting hand of God. The neighbours say that the Vrundhavan Residency (where Santhome Seminary is situated along with some 25 families) is not affected by the covid-19 pandemic only because of the prayers from Santhome Seminary! It is a fact that when all our neighbouring villages were attacked by the Covid-19 and declared Containment Zone, the Vrundhavan Residency was spared by the protecting hand of our Lord Jesus! Hereby I try to narrate the main events that took place in Santhome Seminary in the last three months:

1. Monthly Recollections

Monthly recollection was regular on the first Sunday of every month. Fr Georgy Kattoor MCBS, Fr Paul Kunjanayil MCBS and Fr Priyesh Thedadiyil preached the monthly recollections in the months of October, November and December respectively.

2. Semester Examinations

The semester examinations were conducted from 3–16 October. We followed the question-patterns of the Board Examinations for the Plus One and Plus Two brothers so that they may get used to them.

3. Sports' Days

Immediately after the semester examinations, we organised the

sports' days for a couple of days from 17 to 18 October. It is part of the Mission Sunday competitions which we started on the feast of St John Maria Vianney in the

month of August. The literary competitions had already been finished

before the examinations. A day of complete rest was given on 19 October after the sports days before beginning the *Sevana Dinam*.

4. Sevana Dinam

Formation means an integral formation and Brothers are to be equipped in every field. Two days of work were organized for all from 20– 21 October. We prepared the some land for the vegetable cultivation.

a. Unexpected Demise of Guruji

Pastor Sebastian Messi, our dear Guruji was called for eternal reward on 27 November evening in the presence of our missionaries in Rohru, Himachal Pradesh. He was a good friend of MST especially of Rev. Fr Siby Nelloor and Rev. Fr Joseph Karodan from whom he heard about our

Missionary Society and more about Catholic Church. With an open heart he welcomed Fr Siby and introduced him to Rohru Community, a vibrant community 117 kms away from Shimla. Guruji was a man of personal prayer. He used to lead the community prayers, visit the families of the faithful and was a man of simplicity.

Fr Siby took Guruji and a group of our faithful to Kerala in 2018 and visited our Generalate, Mount St. Thomas at Kakkanad and few main churches in Kerala. This helped him to know more about Catholic Church. Though he had the Protestant background, he was so open to Catholic teachings. He accepted Bl. Virgin Mary and communion of saints. We thank him for his guidance and collaboration, and pray for the repose of his soul.

b. Christmas Preparation

Christian community here in Rohru is eagerly preparing for the birth of Jesus-Christmas. A number of programmes including cultural activities are being prepared and practiced by the people here. Since the Covid protocol is still active we are taking adequate

measures to ensure the safety of the people. We are conducting prayer services other faith formation activities with the government guidelines. Children are given practices for dance, skit, mime etc in view of Christmas. We have also conducted different competitions for the children.

6. Wheat Cultivation at Dhuri and Bhikhi

Rev. Frs Aby Kolliyil and Cyril Kureekkattu took their maiden initiative to do wheat cultivation by themselves this year in the land MST has purchased in Dhuri and Bhikhi. They had taken all

the initiative to learn the process of cultivation with modern techniques in Punjab. It was a fruitful attempt by them.

E. Odisha Mission

1. Nirmal Jyoty, Balliguda

a. Training for Catechists

The companions of Eucharist, a charismatic team from Thrichur,

Kerala that conducts retreats on the Holy Qurbana, helped us to lead a three days live-in training cum retreat for the village catechists at Nirmal Jyoty

Balliguda. Bros Sabu, Francis and Shaju lead the retreat. All the seven of our village catechist stayed at Nirmal Jyoty and attended the training programme. The three days were solely dedicated to train them to have the experience and knowledge of the Holy Qurbana, its celebration and meaning of the symbolisms.

b. Eve of Prayer and Gathering

Soon after the training for the catechists on Holy Eucharist, one-day class, sharing and training were given to our communities in the villages.

Prior to the prayer gatherings

the brothers together with the fathers visited all the houses in the villages and prayed for the people and their families. The evenings were filled with the spiritual blessings through prayer and worship. Villagers eagerly attended the classes and were really moved by the presence, sharing and prayers of the brothers.

c. Farmers Club

We have newly launched a programme for the farmers titled, 'Jyoty Krishaka Bandhu' (JKB), which means the Jyoty Friends of Farmers. The programme aims at providing the farmers with the initial aid for farming and training for better cultivation. Odisha has got a huge area of cultivable land but due to financial and climatic reasons the

people are unable to do the farming. We plan to provide them with subsidized financial aid and help them to tackle the problems they face in doing the cultivation.

Once the harvest is done they will pay the amount back. At present we have started the programme in Dodkongia and Sikkatti. We have provided them with irrigation facilities (motor and pipe), seeds and saplings.

d. SHGs

The awareness classes and input sessions for the people in the villages have started bearing fruits. We are so happy to share that we could

start around 5 SHGs under 'Ujwala Jyoty Programme' (Together Towards Prosperity) for people of different groups. The programme aims at coordinating the people for the common cause, enabling them to stand on their foot and to cultivate the habit of saving. Two among the five have completed the entire process and started functioning the scheme.

e. Village Camp for Children

Nirmal Jyoty Balliguda conducted a three days each camp for the children of Somadadi, Raningpanga, Daipada, Dodkongia, Badipanga and Sikkatti

villages. The camps aimed at personality development, faith formation, awareness classes for the parents and children and other entertainments. The sessions were led by the Fathers, SD Sisters and Mrs Smitha.

f. Arrival of SD Sisters

Nirmal Jyoty Mission, Balliguda is blessed with the arrival of two SD Sisters of Delhi Province. Srs Jean Therese and Alanza joined Nirmal Jyoty on 5 December 2020. They will be staying at Balliguda and will collaborate with the missionaries in the programmes of the Centre.

g. One Day Retreat

One day retreat was conducted in Somadadi village as preparation for the Christmas. The people belonging to several Christian denominations

attended the retreat. The people gathered in the church stood as the sign of Christian unity and brotherhood. Fr Jomon Ayyankanal preached the retreat. Now similar retreats are being conducted in five more villages of our contact in Baliguda area.

2. Little Flower Mission Centre, Kundra

Little Flower Mission Centre, the newly started mission station by Frs Josin Tharapputhottiyil and Jibin Maniyalil has really gone into the track.

a. Sunday Prayer

The words seeded have started taking the roots in the hearts. The frequent village visits of the missionary priests of Little

Flower Mission Centre have gone into the next step of the formation of the faith Communities. As the result of the prayer, words, deeds and presence, we were blessed to start three prayer centres in Padapadara, Jubba and Bagbari villages.

b. Faith Formation

Meeting the Master in and through His disciples leads to the thirst of knowing Him more. Two families in the Padapadaro village have started

knowing him. The members of the family are given faith formation and spiritual training. The history will mark them as the first ever members of our Syro-Malabar Community in Kundra.

c. Tuition Programme

Little flower mission has started three non-formal education centers in the nearby villages of Kundra. In Nuaguda, nearby villages of the mission center have 15 students of classes 5-10 for the spoken English classes. Fr Jibin Maniyalil takes

classes from 4-6.30 p.m. on all the week days. The center has contributed us with a good number of family friends and opened the doors of many families towards Christ. Other than Nuaguda we have non-formal education centres at Jubba village with 11 children of classes 7-10 and Padapadaro village with 16 children of classes 4-10. In these two centres we have appointed local persons as tutors. We are in the process of starting two more centers in the civil blocks of Boipariguda and Kotpad.

3. Sacred Heart Mission Station, Laxmipur

a. Monthly Recollection and Common Gathering

Get-together and sharing the joys and sorrows rejuvenate the

missionaries with enthusiasm and energy. The MST missionaries in the land of Odisha have gathered together after a few months of gap for the monthly recollection at Laxmipur mission station in the first week of November. The fathers arrived by afternoon and had a common meeting of evaluation and planning. Fr Thomas Karamel MST, the Councillor in charge marked his presence virtually. The next day we had the monthly recollection. Rev. Fr James Vettom, a priest from the diocese of Rayagada led the monthly recollection.

b. Distribution of the Holy Bible

God the Word Incarnate speaks to the people through His Holy Words. It is a great matter of joy that the missionaries of Sacred Heart Mission station Laxmipur were made instruments in the hand of God in distributing the Catholic edition of the New Testament Bible to the Christian families in the

villages of Kodhomcholo and Kayipadar.

c. Village Visit and Prayer Gatherings

The presence and words are taking its roots and the mission has started giving fruits. The regular village visits of the missionaries of Laxmipur have given birth to faith communities in Laxmipur. At presently in

two different villages we conduct prayer service on every Sundays. The people gather together in the houses for the prayers. Almost 8 families are undergoing faith formation.

d. Non Formal Education Centres

The children in the villages long for the rays of hope. They welcome us with the smile of expectation and love. As per the need and request of the people of different villages we started non-formal education centres in six different villages. We take it as a good means to get access to those villages and make sound relationship with them. Our non-formal education centres are slowly becoming the nucleus of the development, social gatherings and centres of fraternity and brotherhood.

e. A Day with the Children

We conducted a small half day outing for the children of Kayipadar village to a nearby mountain top on 19 November. It was a good opportunity for us to interact with them and make good relationship with them.

F. Arunachal Mission

1. Sagalee Mission

a. First Holy Communion in Villages

Village level First Holy Communion programme was arranged after one week intensive training for the parish children. The first Holy Communion was given to 14 children from three villages - Nimte, Rigo and Rach Tabio by Rev. Fr Sijo Mundaplkal on 5 December

2020. Thanks to SH sisters for preparing the children and the catechists who assisted them.

b. Youth Competition

In preparation for Christmas, we used to have the deanery level competitions for the youth, which mainly include items of skit and songs based on the Holy Bible. The youth from different parishes under the deanery come for the programme. There were

many winners from our Sagalee parish and the prizes were distributed to them by Frs Choorakunnel and Mundaplackal.

c. Holy Communion in Langper

One of the main substations of Sagalee parish is Langper. There were nine children to receive first Holy Communion this year and it was solemnly

administered on 12 December 2020. The Sacred Heart Sisters and the catechists took care of the preparations for the event and the catechetical formation of the children.

d. Preparations for Christmas

Our house is decorated in preparation for Christmas by Rev. Fr Sijo and the Regent brother, with stars and colourful lights. There is a pre-Christmas recollection arranged in the Bishop's House at Itanagar and we – the MSTs (including those

in Pakke Kessang) travel together for the recollection.

(Reported by Frs Choorakunnel & Mundaplackal, Sagalee, Itanagar, Arunachal Pradesh)

2. Pakke Kessang Mission

a. Shelter Festival

In the state of Arunachal Pradesh, the 'shelter-festival' is being celebrated among the farmers after the first harvest. They bring the harvested food grains to

home from the fields and get together with all family members and enjoy the first taste of the food which they have cultivated with hard labour. During this year, the importance is given to the woman farmers who contribute to

the production and sustenance of the villages by their hard work. Rev. Frs Aji Chakkungal and Jees Thundathil took part in the festival organized in the parish and blessed the farmers and their families.

b. Funeral Services in the Parish

The Christian funerals in Arunachal Pradesh are very typical. The mortal remains are preserved naturally at least for one day and the people gather together and celebrate the death, according to their ability by sharing good food in a festive mood.

The coffin is prepared locally by the neighbours. The dead body is buried close to the house, in a tomb dug in their own property. All the items, including the utensils used by the deceased are buried along with in the same grave. They expect the presence of the priest in the house, until the funeral service is completed.

c. Christmas Celebrations

The entire village, streets and the houses are decorated with lights. Carrol singings and music are heard from every corner, especially in the evenings. The whole landscape is in a mood of celebration, in spite of the setbacks of covid-19.

(Reported by Frs Aji Chakkungal and Jees Thundathil, Pakke-Kessang, Arunachal Pradesh)

G. Overseas Missions

1. United States

a. Academic Accomplishment

Rev. Fr Sherit Thomas Kappiayrumalayil completed with success, his post-graduation studies in Xavier University, Cincinnati Ohio, USA. Hearty congratulation to Fr. Sherit for his successful achievement. Due to the current pandemic situation, Fr. Sherit would continue his studies in the University to keep the scholarship active for our next candidate and to reserve the place of his stay and the parish ministry he is entrusted with.

b. Celebrations amidst Surging Pandemic

For Americans, the months of November and December are the best times in their life for celebration. The yearly celebration starts with the festival of Thanks Giving that continues through the whole month of December with Christmas and concludes with the New Year celebration. Unfortunately, as already predicted by the Centre for Disease Control (CDC), the number of covid cases and hospitalization is on its highest peak now due to the season of winter and people are forced to remain more time inside.

Some of the parishes in the US had to remain closed due to the spread of Covid among the priests and some of the staff. In some dioceses the priests are asked to avoid any kind of travel and socialization to protect the church from further closing during Christmas and New Year. Fortunately, all of our priests are doing well and busy with the preparation for the celebration of Christmas and New Year.

(Reported by Fr Antony Thundathil, Coordinator of MSTs in USA, Chicago)

2. Austria

a. Rosary Devotion

During the month of October we could re-boost the devotion of Mother Mary by reciting the Rosary in all our churches. The devotees participated it with whole heart. Parishioners decorated the Mother

Mary's statue with beautiful illumination and colourful natural flowers. The Rosary Month Concluded with a solemn Rosary Procession led by Rev. Fr Sabu Maprakavil and other MST Fathers on 30 October at Katzeldorf Rosay Park. A good number of people participated in it.

b. World Mission Sunday

Being the members of a Missionary Society, our joy doubled when we could share the mission experiences and could make a Mission Sunday collection for Uganda Mission on the World Mission Sunday on 17 October 2020. And the chocolate packets were sold in the Church for Mission Sunday Collection.

c. All Saints and All Souls Day

It was a remarkable experience to commemorate the departed souls day on 2 November. Even though there were Covid-19 restrictions, people decorated their relatives' graveyard and lighted candles and

stood around their respected tombs of their dear and near ones and we priests after the Holy Mass blessed all the cemeteries, and 'Denkmals.' 'Denkmal'

is a commemoration place in the village for the soldiers who have sacrificed their life for the Nation in the First and second World War. These 'Denkmals' and cemeteries are extra clean and beautified with flowers and candles. On All Souls Day special cards and candles were prepared for each departed souls of the previous year that is who died from November 2019 till November 2020 and candles were kindled during the Mass. The cards and candles can be taken home after the Mass by their relatives.

d. Advent and Second Lock Down

When we have started the Advent, the preparation days for the Christmas, the Government has already declared the second lock

down for three weeks due to the Covid-19. Thank God, it is over now. During the Lock down period we could celebrate the Mass and could bless Advent-kranz and Advent-candles. In the month of December we have the custom of

Roratemesse. That is Mass in the candle light at the very early morning, without electrical light till Gospel reading, that is to receive Jesus who comes as the light of the world.

(Rev. Fr Joy Punnakuzhy, Coordinator, Vienna, Austria)

3. Germany

Herr, Komm Bald – Advent Album

The corona crisis is still restricting and changing the life and activities of people worldwide. The number of people, who were regularly coming in the church, are reduced and the present situation compelled many not to come in the church for the Holy Mass. As a result of it, some are getting slowly indifferent in faith and in the church activities. But some find it difficult to keep their faith and share the same. Understanding the challenge of the time, Fr Cyriac Chandrankunnel prepared an audio-visual CD in connection with Advent-Christmas-New year to convey the message of Jesus Christ and renew the faith and conviction of people on these feast days.

The Diocesan Bishop of Hildesheim, Germany – Most Rev. Nikolaus Schwerdtfeger released the first copy of the CD at the beginning of advent season and said: “It is a beautiful idea. A correct movement and a correct step in a correct time on correct direction. May Holy Spirit help us all through such steps like this our faith again to

rekindle.” The name of the CD is ‘Herr, komm bald’! (Lord, come soon!) and the content is six reflections accompanied with meditative music. Each reflection lasts six minutes each only. Many people in parishes and institutions are happy to get it

in this difficult time of anxiety and uncertainty and experience the love and accompany of God in our daily life.

(Reported by Fr Cyriac Chandrankunnel, Germany)

4. Canada

Pastoral Updates from Nelson: During Advent, we have advent wreath where we light four candles resembling the virtues of hope, love and faith and love. This Season reminds us to promote the true meaning of Christmas in all that we do and what we do. It is a season to prepare each faithful in prayer, reflection, encouraging individual confessions and if possible to have any kind of abstinence. In spite of this pandemic Covid 19, we priests are helping our parishioners to prepare themselves to be Jesus’ manger, and help to prepare their hearts for Jesus’ birth anniversary.

After the shutdown of every Church and religious activity for four months, the government allowed us to open the religious institutions and activities. Due to the fear and uncertainty of the Covid 19, fifty percent of the people attended the church and sacraments. In few months, our attendance increased to 90% for every Holy Mass. While it was on its increase, the second wave of Covid hit every province of Canada. Even though British Columbia Province is the least affected province, our New Democratic Party has banned all religious activities and gatherings in public. Unexpectedly even Oliver, where I reside, has 43 cases with in a week’s time!

Having not celebrated Easter, many of us were hoping and praying that we would be able to gather in person with our faith communities

and celebrate Christmas as we have always done. This is not the case this year. Many of the parishioners are scared and worried of the future. The Church and every priest is trying to give hope and increase their faith in Jesus.

Thus, we all need to make the best of an unfortunate situation knowing that our Lord understands our predicament and is with us understanding our struggles and sufferings. If we have learned anything during this pandemic, it is that there is one person we can count on. His name is Jesus. He is "my rock, my fortress, and my deliverer, my God, my rock in whom I take refuge, my shield and the horn of my salvation, my strong hold" (Psalm 18:2).

Everyone has made heroic sacrifices during this time, and I am heartened by the resilience and commitment all the MST priests working in the diocese of Nelson, B.C. We are having Holy Mass with our communities through Zoom where people participate as usual or do direct telecast through different applications as Vimeo and uploading them in parish account of Facebook. After every Mass, we priests stand in parking lot to provide Holy communion in their cars. The province of Alberta has more cases than British Columbia. Still the provincial government allows the churches to function with 15% of its regular capacities. Our priests working in the diocese of Grouard McLennan is following these rules. Our MST priests who work in the Diocese of Regina, in the province of Saskatchewan, can accommodate 30% of their Church capacity and they are doing best now. In Canada each provincial government decides of the regulations of Covid 19. Merry Christmas.

5. Switzerland - Parish of Schlieren:

Even though Corona pandemic increases in Switzerland, the people in Switzerland are ready to celebrate Christmas. As usual they have decorated streets and their homes with lights and Christmas trees. Liturgical celebrations will be held with certain restrictions. In my parish there are 5 Christmas Masses. On the eve of Christmas we

have Mass for children with a small drama (Christmette) at 3 p.m.

At 5.00 p.m. Christmas Mass for the young families and old people is scheduled. There is a midnight mass for all with choir at 11p.m. Again on 25th we have a solemn Mass with choir singing. On 26 December we

celebrate a 2nd Christmas. It is a holiday in Europe. This day we celebrate the feast of St Stephen, the first Martyr of the Church. This feast gives us a message how important is both the crib and cross in our life. Christmas celebrations will go on till the Feast of Epiphany, when the orthodox christians celebrate their Christmas.

There are lots of meaningful Christmas traditions in Europe. 25 days before Christmas people prepare themselves with Advent wreath (Adventkranz), lightening of 4 Candles, one each every four Sundays, Candle Mass, Advent Calendars, Christmas trees, cribs and decorations, etc. During these days we celebrate two feasts: Feast of St Niklaus (Santa Claus) and teach the children how to help others and the feast of St Lucia and we teach them how to be the light of the world. Exchange of christmas gifts, christmas cards and letters and a great meal, visiting of «Sant » at home, etc are also the traditions of Christmas. Children are

commonly told that presents were brought either by the Christkind (Christ child) or by the Weihnachtsmann (Santa Claus).

(Reported by Fr Varghese Nadackal, Schlieren, Zurich, Switzerland)

6. Tanzania - Madale Parish, Dar Es Salaam

a. Choir Members' Gathering

The parish of Madale celebrated a day with choir members on 17 October 2020. There were one hundred and seventy choir members participated among the nine choir groups. The programme began with the Holy Mass followed by a seminar explaining the duties and

importance of choir in the church.

b. Children's Meet

The children of Madale were eagerly waiting for the children meet's day. People of Madale were happy to conduct the children meet on

28 October 2020. This year two thousand four hundred and fifty (2450) children participated in it. After the Holy Mass and a seminar in the morning, they were given a break to drink the juice

and water. After the break they all were gathered in the hall for the varieties of programmes and games. They all were given lunch at 2:30 pm. The children's meet concluded at 5.00 p.m.

c. Youth's Day

The youth of Madale parish celebrated a day for youth on 22 November 2020. Since most of the youth of Madale parish are

engaged in jobs on weekly days, it was conducted on 22 Sunday. They were given a seminar on the importance of youth in the church and especially in our parish. They themselves prepared food for all of them in the parish showing the equality, togetherness and helping mentality.

d. Men's and Women's Day

The parish of Madale celebrated men's and women's day on 7 November 2020 and 28 November respectively. It was a chance for them to come together and share their views and reviews on the parish. The programmes were continued from morning till evening 6

p.m. The parish of Madale divides its faithful in different categories such as Children's day, Youth's day, Men's day, Women's day and Elder's day. In the

category of children's day, children till the age of fifteen participated. In the category of youth's day, people of ages from sixteen to thirty five participated. In the men's and women's days people aged from thirty six to sixty will partake in it.

e. Social Marriage

The church as a whole, especially the parish of Madale, was very happy to conduct a social marriage. It was fixed on 14 November 2020 in which thirty three pairs of couples got the sacrament of marriage. They all were living in relationship without receiving any sacraments. All the couples were very happy because of re-entering the life of church and sacraments. The main celebrant for the marriage was Rev. Fr Biju P. Joseph. The celebration began at 9.00 a.m. and concluded at 2.30 p.m.

7. Australia - Sacred Heart Parish, Mildura, Ballarat

On 27 November, I moved to the new place of assignment – Sacred

Heart Parish, Mildura. Mildura is a regional city on the North West of Victoria State, Australia and is located on the Victoria side of the Murray River. Mildura comes under Ballarat diocese on the extreme

northern side. Being sunny most of the time, it is known as Sunraysia region. People are mostly famers and they cultivate variety of fruits mainly

grapes and oranges. As the city Mildura is situated on the bank of river Murray the irrigation facility given to the famers is really commendable. So, they get very good yielding and as a result most of the people are rich. Total population of the City is around 50 thousand which consists of people mostly from 38 countries. They are happy to settle here because it is self-contained city concerning education, health and conveyance facilities. The weather is also beautiful enough. It shares borders with South Australia and New South Wales states of Australia. The Australians consider Mildura as a half way halting place when they travel from Sydney to Adelaide vice versa and the people who travel from Melbourne to Northern parts of Victoria State. It gives more opportunity for tourism and hospitality as well.

Mildura Parish has a very vibrant Christian community because the people here are from different parts of the world. So, this is a very busy parish with lots of pastoral activities. The Mildura Sacred Heart parish consists of other four more small parishes namely Our Lady of the Sacred Heart Church Merbein, St Francis Xavier Church Irymple, St Joseph's Church Red Cliffs, and Our lady of Lourdes Werrimull. Besides there is a small Syro Malabar Community having Syro Malabar Qurbana in Malayalam in every 4th Sunday of the month. The numbers of practicing Catholics are declining, younger generation is away from the church, less importance is given to sacramental life and catechism, less vocations, etc. are a few common challenges. But Mildura Catholic community which consists of different nationalities is so active in Sacramental life.

8. Sweden

a. Corona Restrictions in Sweden

Because of the increase in corona cases and deaths, Swedish government took a very hard decision regarding the public gatherings in Sweden last week. According to that, only 8 people can gather together at a time. All the restaurants and schools are closed until 24th of this month and it may continue according to the present situations. So, the Stockholm diocese cancelled all the public masses and gatherings in the parishes. But priests have to say all the masses according to the scheduled time in the parishes and can send through a live streaming.

b. Syro-Malabar Communities in the Scandinavia

Syro-Malabar Mass in Malayalam is celebrated every Sunday at 10.00 a.m. through zoom. Families from Sweden, Norway and Finland participate in it. We could celebrate the Mass

regularly during this pantomimic and people were so happy with it. Except the Sunday Masses, we have planned to have extra masses on Christmas, New Year and Epiphany. One-hour Christmas program is planned on 26 December through zoom. The children were given Advent calendar to prepare themselves for the Christmas.

Inauguration of the youth apostolate is also held and a big participation was there from the part of youth. A “three Sunday” advent retreat is going on for the Syro-Malabar families in Europe just now. It is well appreciated by the people.

c. St. Singfrid Seminary, Stockholm

Brothers who are studying in Rome and France are back to Sweden for their holidays. They will be sent to different parishes for the Christmas celebrations and to have a parish experience. Another good news is that six pastors from the Swedish church were

converted to Catholic Church. Their papers were sent to Rome and three of them were approved by Pope Francis. Now they have to study three more years in the seminary here and at the end of the 3rd year

they will become priests.

Stay blessed! Stay safe. Merry Christmas & Happy New Year!

9. Brazil - St Sebastián's Parish, Itaruma

a. First Communion and Confirmation

St Sebastián's Parish, Itaruma realized the administration of the sacraments of Baptism, First communion and confirmation on 12 November. Our enthusiastic and dedicated catechists prepared 35 students for first communion and it includes 16 adolescents and 19 adults. They received first communion on 05 November 2020. The same way 15 youths and 23 adults - total 38 - received sacrament

of confirmation on 12 November 2020 in solon Holy mass celebrated by their parish priest Fr Joseph Pulickal and concelebrated by Fr Jacks Doughalas, one of the priests from the parish.

b. Catechism for Children

Our parish started catechism classes for the children and adults after the holidays in December. From January 2020 our catechism classes

were in full swing but by the middle of March we received directions

to close down all the classes and was only celebrating holy mass with limited numbers because of the outbreak of covid-19. Some of our members were affected with covid-19. It created a panic among the faithful and the children. One month we closed down our catechism classes expecting to get normal the situations soon but days and

months passed, still restrictions continue. But our dedicated catechists never get disappointed- searched for alternatives. Started on line classes for the students. Concentration was mainly on the students for the first communion and confirmation.

c. Adult Catechism

Our parish has adult catechism. Usually the people who live in remote areas have no chances of participation in the parish church and its catechism, hence request us to baptize them in the Catholic church and we prepare them for the sacraments. We have also candidates, born and bought

up in other denominations, but now requesting for baptism in the Catholic Church. They are very earnest to follow Catholic faith.

10. Philippines

There is a lot to be thankful and hopeful despite the pandemic, typhoons (six in three weeks) and the months long lockdown for the Filipinos. As they are bouncing back from the effects of these, they are ready for the longest celebration of Christmas in the world. The

Christmas season starts with the coming of “ber” months (September, November & December) in the Philippines. Move around the shops and malls, you can hear the Christmas carols, drive around the cities and streets, you can see the Christmas

trees and lights, walk around the churches and houses, you can see the beautiful ‘belens’ (cribs).

All the churches in the Philippines are getting ready for the immediate preparation for the celebration of the Christmas now; the celebration of ‘Simbang

Gabi’ (anticipated mass) or ‘Misa de Galla’ (dawn mass). ‘Misa de Galla’ means ‘Mass of the rooster’, a tradition introduced by the Spanish

friars in the 17th century for the agricultural communities to attend mass before heading off to the fields early in the morning. But now, these dawn Masses are part of the special preparations towards Christmas for all Filipinos around the globe. It is their tradition and belief that those attend all the nine dawn masses receive the spiritual favours. Old practice of serving snacks of hot chocolate and ‘puto’ (rice cakes) after mass is continued in this festive days.

We also join the liturgical celebrations in our assigned parishes/houses, within the regulations implemented by the government agencies. Moreover, life goes on, partially experiencing the

ordeal of the pandemic here as we continue our academic journey. The scholastic programs in our universities continue online and we are on track. Happy Yuletide season to everyone!

D. Thomasine Research Center (TRC)

1. TRC is now at CHAAMA, Thumboor

The Thomsine Research Center is now firmly established at Thumboor in Lower Kodungallur region. This MST Center known as CHAAMA was established by Rev. Fr Joseph Vazhuthanappilly and was handed over to MST. CHAAMA is memory. The word is derived from the ancient language called Ugaritic, an extinct North-West Semitic language. The word CHAAMA is Paleo script and the Paleo Christians adopted the term to mean memory. This house at Thumboor is established in memory of St Thomas our Apostle and the patron of our society. It also commemorates all great missionaries and visionaries of our Church and MST. We also

remember with gratitude all those who contributed their might to the establishment of this center.

CHAAMA hosts various ministries of MST in her abode. Therefore, we have expanded the word to denote the various apostolates that MST intends to spearhead from this center. Thus CHAAMA is **Christian Historical and Archaeological Academy for Missionary Apostolates**. TRC continues to run all its activities from here and Fr Joseph Vazhuthanappally carries on his works in the name of CASI (Christian Archaeological Survey of India). CHAAMA hopes also to extend its service to the Syro-Malabar Church in the missionary formation of its members: the clergy, the religious and the lay people.

CHAAMA is now happy to receive the service of Fathers Sijo Mookenthottam and Mathew Mlavil from 10 November 2020.
